

Schoolmistresses at Whipstock Grange

Dr Woods The Headmistress

It appears that none of you understand the definition of the word 'silence'; therefore I have decided to cane the entire class, twelve strokes each on the bare bottom. Girls first, Katie come here, pull your knickers down girl, bend over and touch your toes, and don't you dare move!!

Yes you need to look in fear of this leather strap,
it's one of many I have, they are all very effective
on hands and thighs, as well as the bare bottom!

Miss Brown Guest Headmistress

Your appalling behaviour last term almost leaves me speechless, so let's begin this term as we mean to carry on, just two words which will become very familiar to you BEND OVER!

Your Headmaster

Naughty schoolgirls, and boys, who skip school, can expect to feel the sharp end of my cane, as it bites deep into your bare bottom. Come here girl, raise your skirt and pull down your knickers, now bend over and touch your toes for 18 strokes of the senior cane, if you move I will start again!!

Finally the backbone of the school

Miss Storm The School Secretary

Be warned boys & girls, my eyes and ears are everywhere, you do anything wrong in or out of school, and rest assured I will hear about it. It will then be my pleasant duty to report the matter to your teacher and Headmaster, who will administer a suitable punishment across your bare bottom!!
